

Clean Up the Mold :30

- Announcer Hey parents of children with asthma, here's another hit from the Breathe Easies.
- Singing
Come on and clean up the mold
Clean up the mold
Mold can trigger asthma in kids young and old.
Come on and clean up the mold
Clean up the mold
In your house.
- Announcer This song may be fun, but childhood asthma is not preventing asthma attacks may be as simple as cleaning up the mold and mildew in your house. For more Breathe Easie tips to help stop asthma attacks go to noattacks.org
